

Welcome to the first newsletter of Atelier Polyglotte! It is a great privilege for me to address you and to offer your children the opportunity to learn new skills in English, German, Swiss German, Spanish and Chinese. As well as being the director of the school, I have decided to continue working as German teacher. I strongly believe that both my functions at Atelier Polyglotte will benefit from this dual experience.

With this newsletter I would like to highlight some specific activities and invite you to join:

- **Chinese:** On August 24 we welcome Hailian Li as our new teacher in Chinese Mandarin. Hailian originates from Beijing. We offer a class on Monday afternoon at 18h30-19h30 and would be happy to have more classes in case of interest. [Click here for more information](#)

- **Swiss German:** Also on August 24 we start with Swiss German. Our teacher is Yvonne Odermatt from Bern. The classes are on Mondays at 17h30-18h30 and Wednesdays at 09h00-10h00 with two further options. [Find out more](#)

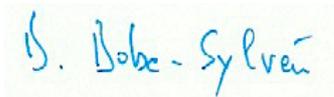

- **Playgroups:** With start on August 27 we offer children up to 4 years to meet and play together with their parents in the school premises between 9 and 11 o'clock in the morning. On Mondays, Tuesdays, Thursdays and Fridays we plan to hold sessions in English, German and Swiss German supported by mother-tongue teachers. If you're interested to learn more, check our website and [click here](#).

- **Private/Home Courses:** In addition to the courses scheduled at the school we also organise private lessons, either at your home or in special facilities. This is becoming increasingly popular since the lessons can take place without a time conflict with the other activities of your child. In addition, some parents have decided to get together and organise special courses at home for several children. [Click here to learn more](#)

I wish you and your children a good start of the autumn and I am looking forward to welcome you at Atelier Polyglotte!

Yours sincerely,

*Bettina Bobe-Sylvén*  
Director & Teacher
